Dear Mr. Baris,

Re: Self Certification for Albaugh, LLC Herbicides Use with Engenia Herbicide

Albaugh, LLC is seeking the inclusion of GlyStar Gold, Macho 4.0, MepStar, MepStar 6X, and TraitGuard as tank-mix partners for Engenia (EPA Reg. No. 7969-345). As required, the mandated droplet spectra testing and AGDISP modeling per the protocol listed in Appendix A of the 12/20/2016 registration notice for this product have been conducted for the products proposed for tank-mixing.

Albaugh, LLC herein self-certifies that the following product combinations provided in Table 4 have been tested per the protocol and have passed the criteria set forth to qualify for inclusion to the list of products that will not adversely affect the spray drift properties of Engenia.

In support of this action, please find enclosed the following: Characterization of the Spray Performance of GlyStar Gold, Macho 4.0, MepStar, MepStar 6X, and TraitGuard with Engenia Herbicide.

Based on the results of the tests, the approved products will be listed in this statement:

- GlyStar Gold (EPA Reg No. 42750-61)
- Macho 4.0 (EPA Reg No. 42750-140)
- MepStar (EPA Reg No. 42750-74)
- MepStar 6X (EPA Reg No. 42750-215)
- TraitGuard Surfactant

If you require any further information, please contact me at your earliest convenience.

Regards,

Morris Gaskins
